

Soc. Coop. Soc. Titoli Minori onlus

"give people a chance"

Who we are..

- ❖ The SCS "Titoli Minori" Onlus was created in 2000 and has its origin and cultural roots in the experience of the Civil Service that the CARITAS di Chioggia (VE) had run in the nineties. This particular form of commitment, which gave him the opportunity to almost 150 young people to experiment in direct contact with the world of disability, social problems and children, was born the idea of making a relationship with people in difficulty significant activity professionally.
- ❖ In this spirit, the "Titoli Minori" Onlus has initiated projects in the territories of the province of Venice and Rovigo to the area of discomfort but also to the scope of ease and everyday life. We manage this for community housing for people with disabilities, day care centers for disabled, day care centers for children and an educational community rehabilitation. Over the years these have been joined by child care services, such as nurseries and playrooms for babies, and animation services and leisure, as playrooms and youth centers of aggregation.
- ❖ The idea that drives the Soc. Coop. Soc. Titoli Minori onlus is "that there are situations or people stranded and work with a patient accompanying every person - especially those in difficulty - can find its balance and its serenity.
