## KA2 – Strategic Partnership

<b>Interest/subject/ proposed Project</b>	<b>KA2-Strategic Partnership.</b> Partners required: Vocational Training centres
<b>Programme Funding Call</b>	<b>KA2-Strategic Partnership.</b>
<b>Description of project idea incl. theme and Activities</b>	Our aim is to work on it with students as part of the project, similar to the former Leonardo partnership. The general idea of the project is to implement the <b>tknikainnova process</b> into the classroom. We mean adapt the innovation process to the activities students are undertaking in their learning process. We are focusing in Corporate Social Responsibility. The activities will work on this issue.
<b>Partner information</b>	<b>IES Zubiri Manteo BHI</b> ( <a href="http://www.zubirimanteo.com">www.zubirimanteo.com</a> ) secondary technical college offers a wide range of vocational and tertiary curricula. We provide education in business and finance, marketing and commerce, computer sciences and tourism. We also provide schools in higher vocational education, courses for adults and training, labour market education and further education and training for working life. We have experience from Comenius, Leonardo (association, mobility and TOI-Transfer of Innovation), Erasmus. We also are active partners in <i>Ikaslan</i> <a href="http://www.ikaslan.net">www.ikaslan.net</a> (Association of vocational and tertiary education public schools in the Basque Country) and <i>Tknika</i> projects <a href="http://www.tknika.net">www.tknika.net</a> (Centre for innovation in Basque Vocational Training).
